EDUCATION

Bachelor's of Technology
Abdul Kalam Technical University, Lucknow
08/2017 - 08/2021

Higher Secondary Education
G.I.C Inter College, Jhansi
06/2016 - 05/2017

PROJECTS

Portfolio
- Created comprehensive personal portfolio showcasing skills, education, and projects.
- Implemented contact form using Google Sheets for efficient inquiries management.
- Added project gallery with live links & video and demos for detailed exploration.
- Responsive design for consistent, user-friendly experience on all devices.
- Used HTML, CSS, JavaScript, and Google Sheets API for portfolio development.
- Github Link

Dmart E-Commerce
- Designed a user-friendly Dmart website for easy product exploration and shopping.
- Integrated Firebase Authentication for secure user authentication and authorization.
- Used advanced search algorithms for precise results, enhancing user satisfaction.
- Utilized ReactJS & JSX for front-end, Node.js for server, and Firebase for database.
- Github Link

You tube Clone
- Crafted a responsive and dynamic YouTube clone using the power of React JS.
- Implemented a lightning-fast search function user can search easley in search bar.
- Add data with the help of Rapid API, allowing users to discover content seamlessly.
- Technologies Used: React JS, Rapid API integration, HTML, CSS, JavaScript.
- Github Link

WORK EXPERIENCE

Software Engineer
CRM Masters Infotech LLP
04/2023 - Present   *Gurugram*
Achievements/Tasks

- **Coding and Development:** Developed and maintained high-quality software applications using languages such as HTML, CSS, JavaScript, ReactJS, NextJS, and Python. creating user-friendly and responsive web designs.
- **Database Management:** Gained hands-on experience in working with databases like MySQL and MongoDB. work on database schema design and query optimization, contributing to the efficient storage and retrieval of data
- **Problem Solving:** Actively engaged in debugging and troubleshooting code issues, ensuring the smooth functionality of software applications.
- **Collaboration:** Worked closely with senior engineers, and participated in code reviews, knowledge sharing, and collaborative problem-solving.

SKILLS

Python   Javascript   NodeJS   PHP
ReactJS   NextJS   ExpressJS   HTML5
CSS3   Tailwind CSS   Bootstrap   Deluge
Github   MongoDB   MYSQL   Wordpress

CERTIFICATES

Full Stack Development
Completed an immersive and comprehensive full-stack development program offered by Timespro. This intensive course equipped me with practical, hands-on experience in both front-end and back-end web development.

Python Programming
Completed an Intermediate-Level Python Programming Assessment on HackerRank, a prominent platform recognized for its coding challenges and technical evaluations.

Web Development
Successfully completed a comprehensive web development internship program through Internshala, gaining hands-on experience and practical skills in front-end and back-end web development.

SQL Database
Successfully earned an intermediate-level SQL Certification through HackerRank, a prestigious platform known for its coding challenges and technical assessments.

ACHIEVEMENTS

Academic Achievement
Achieved a 90% score in the final semester of my B.Tech program, demonstrating strong academic performance and mastery of key concepts.

Top Performer
Achieved an 80% score in the TimesPro-organized Full Stack Development Training Program and mastered the MERN technology stack.

LANGUAGES

English
Full Professional Proficiency

Hindi
Native or Bilingual Proficiency
